Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: During the interview, the Office action mailed on 8/16/07 was discussed with regards to the rejections under the Galleher reference. Mr. Damman suggested amending the independent claims to recite the laryngeal mask having a structure that is adapted to close the laryngeal passageway. This limitation appears to overcome the tube disclosed by the Galleher reference. The limitation will be fully considered upon filing of a formal response to the Office action. It is also noted that no indication of allowability was provided during the interview..
